

Matilda STAYS!!!

In 12 months we have turned an abandoned building into a thriving **social centre**.

We have put on performances, film showings and art exhibitions, as well as space for activists and artists. We have hosted *** unsigned musicians! We also have a great café for events and social events and free [recycled] computer access.

As Sheffield becomes more dominated by big business, we need spaces which are encouraging us to be creative, empowered and informed about our world. All are welcome to give DIY a try!

We are fighting eviction-

in court on Thursday 22nd June *and it's not over yet!!*

The building would be left unused for 2 years- **owners Yorkshire Forward should let us stay.**

Keep up to date on events and eviction stuff:
