

**Scrap the weekly reporting!
End detention and dawn raids!
Stop the deportation of asylum seekers!**

On the last Friday of every month, Birmingham NoBorders and Birmingham Anti-Racist Campaign stage a demonstration at the Home Office Reporting Centre in Solihull to protest against the inhumane treatment of asylum seekers throughout the border regime. From the stupid weekly reporting to detention centres, the system is designed to deny people their basic human rights and dignity.

Sandford House (41 Homer Road, Solihull) is the Home Office's regional Reporting Centre, where asylum seekers from across the West Midlands are forced to "sign on" on a weekly basis. Many people have "disappeared" from there without warning. "Snatch squads" in prison vans also operate from the Centre, forcibly snatching families and vulnerable people in "dawn raids". They are subsequently incarcerated in the UK's network of detention centres for up to 3 years in such terrible conditions. They then face the prospect of being forcibly deported back to war zones or oppressive regimes from whence they had fled.

Come along and show your anger and disgust!
